Doug Sutter, General Manager/COO

Dear Forest Highlands Golf Club Membership,

In the midst of our lively summer season, I want to take a moment to express just how special it is to have so many of you back on property enjoying our Paradise in the Pines. The energy and enthusiasm around the club has been incredible, and it brings our entire team great joy to see members reconnecting, celebrating long-standing traditions, and creating new memories together. Thank you for continuing to be a part of what makes Forest Highlands such a remarkable and unique community.

Our Strategic Planning efforts are in full swing, and I want to thank the many members who participated in our recent focus groups with our partner from Club Benchmarking, Mr. Tim Rowe. We had approximately 10% of our total membership represented, and from what Tim shared, feedback was thoughtful, insightful, and very much appreciated. The Board and Strategic Planning Committee will be reviewing all member input during a dedicated Vision session on July 8th. In addition, we are excited to welcome Tim back to Forest Highlands later this summer to present the latest updates on all that has been accomplished along with key findings from our partnership during the upcoming Annual Town Hall Meeting on August 30th.

As we find ourselves in the heart of fire season here in our Ponderosa mountain community. I want to commend all the members who have already taken proactive steps to complete Firewise property work this year. Not only are the immense efforts evident in the sheer number of pine needle bags picked up

SPECIAL BOARD MEETING NOTICE

As part of the next step in our 2025 strategic planning process, the Board of Directors and the Strategic Planning Committee will hold a meeting on Tuesday, July 8 at 9:00 a.m. The vision session will include participation from both the Board of Directors and the Strategic Planning Committee which will be facilitated by our strategic partners at Club Benchmarking. The meeting will be held in executive session in accordance with A.R.S. § 33-1804(A) to allow for the discussion of any confidential legal, contractual, or personnel matters that may arise in connection with long-term strategic planning. A summary of any non-confidential outcomes will be shared with the membership following the session.

across the community, but they've also been confirmed by our Security Team, which recently completed its audit of Zone 5, all Meadow homes, and proudly reported a 77% pass rate, one of the highest initial marks we've seen to date. Your efforts to clear fuels, clean up lots, and create defensible space around structures are making a meaningful difference. Please note that July will be the final month for complimentary pine needle pickup for 2025. Beginning in August, charges will apply for this service. If you haven't yet completed your Firewise compliance, now is the time to reach out to our Concierge to support.

We all want to preserve the fun and relaxed "summer camp" atmosphere that defines Forest Highlands, especially your Board and our operations team. That said, the Board's mission reminds us, it is their responsibility to "provide for the safety and comfort of our members to the greatest

"provide for the safety and comfort of our members to the greatest extent possible and reasonable."

extent possible and reasonable." Safety and accountability go hand in hand with our community's overall liability, and we must all do our part.

I raise this sensitive topic of community safety because we've received thoughtful feedback from a broad range of members regarding concerns about road conduct in our community, particularly when it comes to honoring our Code of Conduct and Rules of the Road. Our Board and Security Committee are monitoring this closely and utilizing data from our Security Team's proactive patrols to guide the appropriate next steps.

I also want to recognize you, our members for your continued patience as our agronomy team works hard to bring the golf courses back to peak conditions following an unprecedentedly dry winter. Director of Agronomy

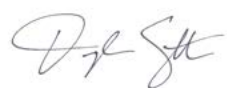

Bill Abbey and his team are doing everything possible to expedite the grow-in process and ensure that both golf courses meet the high standards we all expect and enjoy. Your understanding and support during this recovery period mean a great deal to our team.

As we prepare to celebrate the 4th of July holiday, a signature weekend of participation here at Forest Highlands, I want to thank you all in advance for doing your part to make it another safe, festive, and memorable experience for everyone. Our team has been working tirelessly to prepare, and we look forward to delivering the sophisticated fun that defines our community.

Looking ahead to 2026, our Board of Directors is currently assembling the Nominating Committee for next year's Board elections. This time-honored tradition plays a vital role in ensuring we remain aligned with our future strategy and core values. Serious candidates who complete the required orientation prior to the official election opening will have an opportunity to present their campaign messages to the community during the Annual Town Hall Meeting. We thank everyone with interest in serving and continuing our legacy of thoughtful, member-driven leadership.

As always, I remain available to any member who would like to learn more about what the team is working on or to share feedback about your experiences at Forest Highlands. It is a privilege to serve you, and I look forward to another amazing month ahead.

Sincerely,

Doug Sutter

THE FOUNDATION ANNOUNCES NEW CHAMPIONS CLUB

The Forest Highlands Foundation continues to work hard at finding new and exciting ways to serve the most vulnerable in Flagstaff. Along these lines, we hope that by the time you read this, you have received your Forest Highlands Foundation Champions Club invitation in the mail.

The Champions Club is a new initiative to help us build a sustainable donor base and serve the needs of the less fortunate in the city that supports our summer paradise. The Champions Club is a request to donate a minimum of \$5,000 annually to our mission. In return, each Champion will be rewarded with a hosted fine dining experience and a commemorative bronze plaque to be mounted in front of the Canyon Clubhouse.

The intent is to create an annual fundraiser that shows our appreciation to our most generous donors—but more importantly, helps us serve the needs of our Flagstaff non-profit partners.

If you're not quite ready to join us this year as a Champion, we'd love to have you give at whatever level you are most comfortable with. No other ask will be coming this summer!

To see one of the many ways your donations are deployed in our community, take a look at the attached photos from the ribbon cutting for Habitat for Humanity's first ten starter homes at Timber Sky! In a grand event, many sponsors—including the Forest Highlands Foundation—were invited for the official ceremony featuring multiple speeches and a ribbon cutting by Governor Katie Hobbs. Foundation Board Member Kathy Haake attended the affair and represented our commitment to being present in the events of our grantees.

We thank you for your consideration to participate at whatever level you can, and for continuing to make Forest Highlands the most generous club in all of Arizona.

Gratefully,
Howard Nute,
Forest Highlands Foundation Chair

MEET CHEF ODAIN GAYLE

Hello Forest Highlands, my name is Odain Gayle. I am Jamaican by birth but a citizen of the world. I am a Seasonal Temporary H2B Employee here at Forest Highlands Golf Club.

I am now in my Sixth (6th) season at Forest Highlands Golf Club. My journey first started here in May of 2020 as an Advanced Cook amid the pandemic at the Canyon Club House, and I have been loving it here ever since. It's a great club to work at; it feels like home away from home. I now return in 2025 as the Special Events & Catering Chef ready to hit the road, creating culinary magic in the homes of Gourmands and Bon Vivants here at Forest Highlands Golf Club.

I first arrived in the United States in 2008 on a F-1 student visa where I studied at the Hocking College Culinary Institute in Nelsonville, Ohio where I graduated with an associate's degree in culinary arts (2010). After completing my optional practical training, I went back home to pursue my bachelor's degree in Hospitality Tourism and Hotel Management (2014).

During my studies here in the United States I entered numerous culinary competitions that took me across several states competing in various culinary competitions. I was the Captain of the American Culinary Federation Hocking College Hot Food Team in Columbus, Ohio earning numerous awards including a gold medal as State Champions (2010), a silver medal as runners up in the Regional Competition (2010) and a bronze medal 3rd place State Competition (2011). I also entered competitions back in my home country of Jamaica where I was also voted the Top Culinary Instructor (2012) in Jamaica by the "Taste of Jamaica" Competition hosted by the Culinary Federation of Jamaica and Top Tertiary/Vocational Team of the Year (2012) where I led the team to victory as the Kitchen Manager also earning two Gold Medals.

In my spare time, I enjoy watching football (soccer), going fishing, traveling/ sightseeing and bowling. I have visited 24 States in the U.S so far and plan to visit more in the future.

Yours Truly,
Odain Gayle a.k.a ODIE

SURVEY SAYS!

We heard you! As you may know, a survey may be emailed to you following your attendance at one of our events. We use the feedback you provide from these surveys to continuously try to make improvements in all that we do.

- In response to your request for more variety, both clubhouses have had two menu changes this season thus far.
- The Canyon now features a golfer's menu from 3pm - 5pm between lunch and dinner.
- Cart ordering -food may be pre-ordered from golf carts.

Please continue to complete these surveys so we can keep enhancing your experience. Your insights help us fine-tune everything from event logistics to food and beverage offerings. The more we hear from you, the better we can tailor our events!

TASTE OF FOREST HIGHLANDS WINE PICK UP

The wine is on the way!

You will receive an email receipt letting you know your wine will be available for pick up. Some wine may be back ordered. Please wait for your receipt to be emailed to you!

- Pick up times are 9am - 4pm daily.
- NO pick up times available during dinner hours or on holidays.
- Please call the Canyon prior to picking up. 928.525.1100.
- Pick up is at the Canyon Food & Beverage garages near the tennis courts on golf lane.
- All wine will need to be picked up by July 24th. Any wine left after that day will be charged a storage fee of \$100 weekly.
- Delivery can be arranged by calling the Canyon. Delivery fee is \$10 per case.

Thank you so much!

TICKET DISPUTES

If you receive an erroneous Point of Sale ticket, the easiest way to resolve the incorrect charge is to reply to the emailed ticket receipt. A Food & Beverage Manager will investigate the ticket and correct any charging error.

BEAR HOWARD PARK PROJECT UPDATE

Thank You for Your Feedback!

A big thank you to all of the Members who took the time to participate in the Bear Howard Park survey! Your input has been incredibly valuable in helping us understand what our community wants and needs from this space.

We heard you loud and clear—it's going to take more than just swings to truly elevate the park. Suggestions such as slides, climbing features, user-friendly and creative play equipment, improved entry access, and better surfacing options (no more sand!) were all noted and appreciated.

We're excited to share that we've been approved to move forward with the installation of swings in Fall 2025—an important first step toward improving the park experience.

This is just the beginning, and your feedback will continue to guide the next phases of planning and development. We look forward to working together to make Bear Howard Park a more accessible, imaginative, and enjoyable place for all!

A FRIENDLY REMINDER FOR POOL & JACUZZI SAFETY

As we head into warmer days and more families enjoy time in the water, we'd like to share a few important reminders to keep our aquatic areas safe and enjoyable for everyone:

JACUZZI USE FOR CHILDREN UNDER 5

While our jacuzzi may look like a small, inviting pool, it's not suitable for young children. Health experts and safety guidelines recommend that children under the age of 5 do not use hot tubs due to their higher risk of overheating and potential sensitivity to hot water and chemicals. Even short exposure can lead to dizziness, nausea, or worse. We appreciate your help in keeping little ones safe by limiting jacuzzi use to older children and adults.

POOL ETIQUETTE - TAKE BATHROOM BREAKS!

We've all heard the jokes, but it's no laughing matter—urine in the pool introduces bacteria and disrupts chemical balance. We kindly ask parents to encourage regular bathroom breaks for their children, especially during long swim sessions. Let's work together to keep our water clean, safe, and pleasant for all our Members and guests.

Thank you for helping us maintain a fun and healthy environment for our community!

– Your Aquatics Team

RACQUETS

Dear Members,

July is here and with it, our busiest month at tennis! First up is our popular, **WIMBLEDON MIXED DOUBLES EVENT** on **Saturday, July 5 at 9am**. We follow that with our **first FAMILY FOAM BALL EVENT**, on **Sunday, July 6 from 1-3pm**. You do **NOT** need to be a tennis player to enjoy this one with your “kiddo” and it is for young players from **Future Star (orange ball) to High School players**. We will create mini-tennis courts, use kids racquets and foam balls for this fun, yet still competitive event. The Pros will be playing left-handed!

Of course, the end of July always means **CLUB CHAMPIONSHIPS, July 26-27**. This is always a fan worthy event, especially with our beautiful new overview of court #1.

Nicole Chambers RSPA/PTR/IPTPA
Director of Racquets.

If you have any question, do not hesitate to reach out to me or the team by calling the Pro Shop (928) 525-5225 or emailing nchambers@fhgc.com

PROFESSIONAL SPOTLIGHT PATRYCJA NIEWIADOMSKA

Dear Members,

Finally, things are heating up and in more than one way! Well done to all who came out to play in our annual (9-year tradition) **Summer Shoot-Out on June 14th**. Congratulations goes out to **Kelly Goodnow and her mixed doubles partner; Maverick Messinger for their win in the A Division and John Krueger and Ward Kenny who won in the B Division**. Follow their names because these two are climbing the PPA Junior tour at a fast pace.

If you are new to pickleball, every Thursday we will be hosting a **FREE Beginner Clinic**. If you catch the “bug” you can join our **Saturday Beginner Clinic**, that will keep you on track to gaining the necessary skills to enjoy the game. Our team consists of Ethan Fraser, Head Pickleball Professional, Racquet Professional Ashlee Candelaria and Pro Shop Supervisor and **NEW Ladies Social Coordinator**, Sarah Orsmond will be going the extra mile to welcome newcomers to the courts. **EVERY Open Play: Tuesday, Thursday, Friday, Saturday and Sunday** will have a court or 2 designated for beginner/advanced beginner players. One of our team members will make sure that you are comfortable on the court with positioning and scoring.

Our **Monday Drill Clinic**, run by Ashlee, is a chance to focus on drilling (hitting repetitive shots in a structure play situation) For July this takes place on a Tuesday, 9-10:30am

PLEASE NOTE: Our New **Live Ball Clinic** has been moved to earlier in the day on Tuesdays; 9 - 10:30am

Nicole Chambers RSPA/PTR/IPTPA
Director of Racquets.

If you have any question, do not hesitate to reach out to me or the team!

Together, through collaboration and adherence to our shared standards, we continue to make Forest Highlands a community we are all proud to call home.

BUILDING FOREST HIGHLANDS TOGETHER: A COLLABORATIVE APPROACH

At Forest Highlands, maintaining the beauty, harmony, and integrity of our community is a shared endeavor. The Design Review Committee (DRC), your Community Liaison, and you, our valued residents, all play integral roles in this collective effort.

The DRC comprises fellow homeowners who volunteer their time to thoughtfully review design and construction requests. Their mission is to uphold our community's standards, ensuring that any changes align with the aesthetic and structural guidelines that make Forest Highlands a unique and desirable place to live.

As your Community Liaison, I serve as a bridge between the DRC and our residents, facilitating communication, assisting with the design review process, and ensuring that everyone has the resources and understanding needed to navigate any proposed changes.

It's important to note that while some features may have been approved under previous guidelines, there is no "grandfathering" of outdated elements. Our community standards evolve to reflect current needs and values, and we must all adapt to these changes to preserve the quality and character of Forest Highlands.

For any questions or assistance, feel free to reach out to me at community@fhgc.com. Including photos or detailed descriptions can help us better understand your project and provide more effective support.

FRIENDLY REMINDER

VIOLATION REPORTING AND ARIZONA LAW

"Caring for your community is one of the most neighborly things you do."

Thanks for helping keep our community at its best!

We truly appreciate when residents report concerns, it helps us catch things early and keep our neighborhood looking great. While Arizona law requires that all reports include the name of the person submitting them, please know that we work to verify each situation fairly and professionally.

Together we can maintain a safe, beautiful, and respectful place to live. Thank you for caring!

NEW SUBMITTALS DUE DATE

DESIGN REVIEW

For any changes to your lot or the exterior of your home please refer to the Development Standards. DRC Meeting dates are done on a monthly basis.

DUE DATE

Submittals are due by the 3rd of each month to be reviewed in that month. A project that is submitted on March 4th will be reviewed in April.

PLAN REQUIREMENTS (ONLINE ONLY!)

Plan submittals are required to have a digital copy (PDF). Digital copies can be sent to designreview@fhgc.com

SMALL PROJECTS

Smaller projects such as landscaping, re-paints, dog runs, minor additions and other minor changes can be reviewed weekly by the DRC, typically on Tuesdays.

Please note it is important members follow the steps of the Design Review Process, including submission of required applications as found on our member website. This is a proven and streamlined process provided the owner performs per the Development Standards for any exterior alterations to the owner's property including projects such as:

1. Roof Replacements
2. Exterior Painting
3. Deck Projects
4. Dog Runs
5. Landscaping
6. Driveways

We look forward to continuing to maintain the natural integrity of our forest home!

DEVELOPMENT STANDARDS

PLEASE make sure to provide your architect, builder, contractor, etc. with the most recent copy of the Forest Highlands Development Standards which may be found online at https://members.fhgc.com/HOA/Design_Review or click the button above.

Information is subject to change, always call/email to confirm..

COMMON AREA MAINTENANCE UPDATE: A MONTH OF HARD WORK AND IMPROVEMENTS

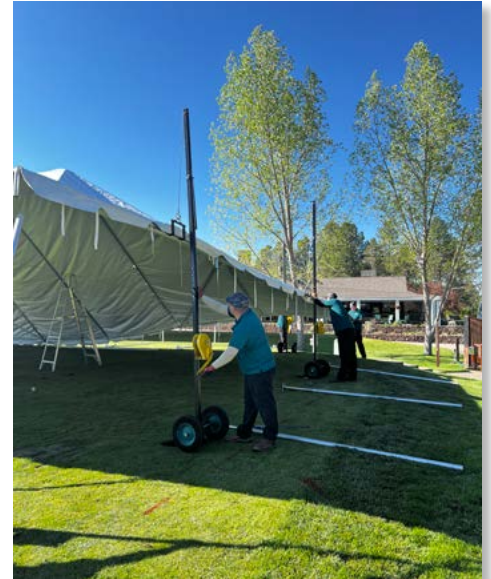

Common Area Maintenance Update: A Month of Hard Work and Improvements

As we continue to enjoy the beauty and serenity of Forest Highlands, we want to take a moment to highlight the tireless efforts of our Common Area Maintenance Team puts in to ensure that Forest Highlands remains a beautiful and well-maintained community for all to enjoy. Here's an overview of a few of the projects they have been working on:

ROAD SHOULDER REPAIRS & CLEAN-UP

The maintenance team tackled some road shoulders this month, addressing areas where erosion and wear have left the edges uneven. By adding and leveling AB aggregate, they were able to restore the shoulders to a smoother and safer condition. Once the new aggregate was in place, the team swept the roads, ensuring that all debris was cleared and leaving our roads looking fresh and clean for residents and visitors alike.

EVENT PREPARATION: TENTS FOR WEEKEND GATHERINGS

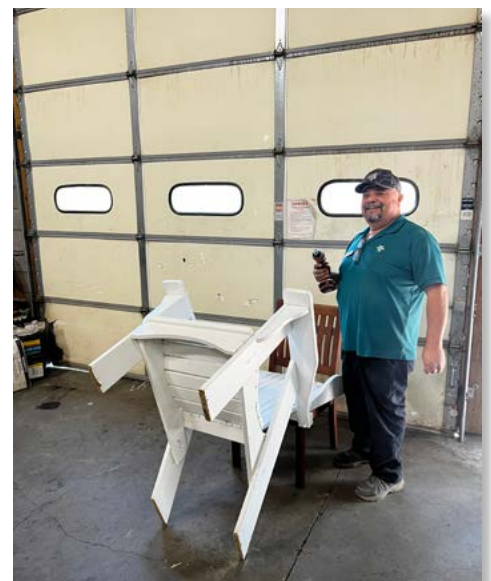

Many of you have enjoyed the events we host every summer, and behind the scenes, our maintenance crew is always busy setting up. This month, they set up several event tents to provide shade and comfort for our outdoor gatherings, including the popular Taste of Forest Highlands. Their efforts ensure that every event, from golf tournaments to social meetups, runs smoothly and remains enjoyable, no matter the weather.

KNAPWEED MITIGATION AND REMOVAL

The fight against invasive species continues. This month, the team began the process of knapweed mitigation and removal. Known for its ability to spread quickly and disrupt native ecosystems, knapweed is being carefully removed from community areas to ensure our natural landscapes remain healthy and vibrant. This ongoing project is a vital part of maintaining the beauty of our community.

We appreciate the dedication and hard work of our Common Area Maintenance Team, who consistently go above and beyond to maintain the beauty and functionality of Forest Highlands. Their efforts not only keep our community in top shape but also enhance the overall experience for everyone who calls Forest Highlands home. We look forward to all the upcoming events and activities this summer, knowing that our community remains in great hands.

Dear Members,

Each year, Forest Highlands is required to compile and provide a water quality report to homeowners. All of the water at Forest Highlands comes from ten deep wells that range between 1,200 feet to 1,600 feet. Your drinking water is supplied from eight of those wells. The wells were drilled through several layers of limestone, sandstone and other geologic formations to reach the Coconino aquifer.

For a detailed description of our water system please visit the members.fhgc.com site and click on the **HOA** page, then click **Public Works** on the drop down menu and find the **Water System Information** under **Public Works Services**.

Thank you,

MIDGE FLIES & MOSQUITOS

Midge flies and mosquitoes are a common occurrence in forest settings like Forest Highlands. The midges are small flying insects, similar to a mosquito, but do not bite. They will swarm and follow you like a shadow and that can be quite annoying. Mosquitoes, well, we all know how much fun those can be.

The Utility Department treats the Kachina Wetland ponds for midge flies and mosquitos with larvae growth regulators and goldfish. Golf Course Maintenance has a program to treat low, wet areas on the golf courses. While those treatments help reduce the amount of these insects within the community, it certainly can't get to them all.

Here are some tips to help control the nuisance populations on your property -

- **Remove Habitats** by eliminating standing water. Empty and change out water in bird baths, pet water bowl, fountains, wading pools and potted plant trays at least once a week to eliminate potential habitats.
- **Use a repellent** while enjoying the outdoors. There are many options from sprays, scents and electric devices to defend your space from the little invaders.

FRIENDLY REMINDER: CHECK YOUR MAIL & PARCEL LOCKERS

The USPS courier has informed us that all oversized parcel lockers are currently full, making it difficult to deliver new packages. We kindly ask that you check your mailbox and retrieve any packages from the oversized lockers as soon as possible.

Additionally, the Gatehouse is receiving an increased number of packages due to the lack of available locker space. Prompt pickup helps ensure efficient and secure delivery for everyone.

Thank you for your attention to this matter and for helping us keep things running smoothly!

2025 PICK-UP SCHEDULE

HOME TRASH PICK-UP

Every Monday

HOME RECYCLING PICK-UP

every other Monday

PICK-UP DAYS

July 14th and 28th

August 11th and 25th

September 8th and 22nd

October 6th and 20th

November 3rd and 17th

December 1st, 15th and 29th

BULKY TRASH & RECYCLING ITEMS

For members only, large items that do not fit in trash receptacles, there are dumpsters available at the Public Works yard. The hours are M-F from 7:00-3:00 and weekends from 8:00-1:00. Also, for members only, there are recycling bins located behind the Highlands Fire Station.

Remember to place recyclable items in the container and not next to it.

Please do not throw trash in dumpsters not belonging to or part of a home build or remodel on another property.

TRASH REMOVAL

Trash receptacles may not be over-filled, must close completely, and be wheeled to the end of the driveway no earlier than 24 hours prior to pick up on Monday mornings. Members found to have over-filled trash receptacles that result in scattered trash or have placed receptacles out earlier than the approved 24 hours prior to pick up are subject to a fine. Members are responsible for their guests'/renters' compliance with this rule. Only the approved trash receptacles may be used. The trash receptacle will be wheeled back by the contractor's personnel.

To begin service or obtain an additional receptacle, call the Forest Highlands Public Works Office at (928) 525-5244.

SPEED LIMITS WITHIN FOREST HIGHLANDS

SPEED LIMIT ON FOREST HIGHLANDS DRIVE IS 25 MPH

As of December 1, 2024, the speed limit on Forest Highlands Drive was reduced from 35 MPH to 25 MPH. This change is part of our ongoing commitment to safety and our goal to foster a secure and comfortable environment for all community members and their guests. Enforcement began on December 1st 2024. Thank you for your attention to this and ensuring the safety of everyone within the community.

SPEED LIMITS

The speed limits on the roads at Forest Highlands are as follows:

- 10 MPH in the Clubhouse parking lots.
- 15 MPH through the Gate House access area, in or around the Mail room, on all roads in the Cottage developments, in all posted “Children Playing” and “Pedestrian” zones.
- 25 MPH on all main roads inside Forest Highlands.
- 25 MPH on Forest Highlands Drive between the Gate House & Mailroom.

Passing any motor vehicle on any of these roads is prohibited. For your safety these speed limits will be monitored by radar, including radar cameras and strictly enforced.

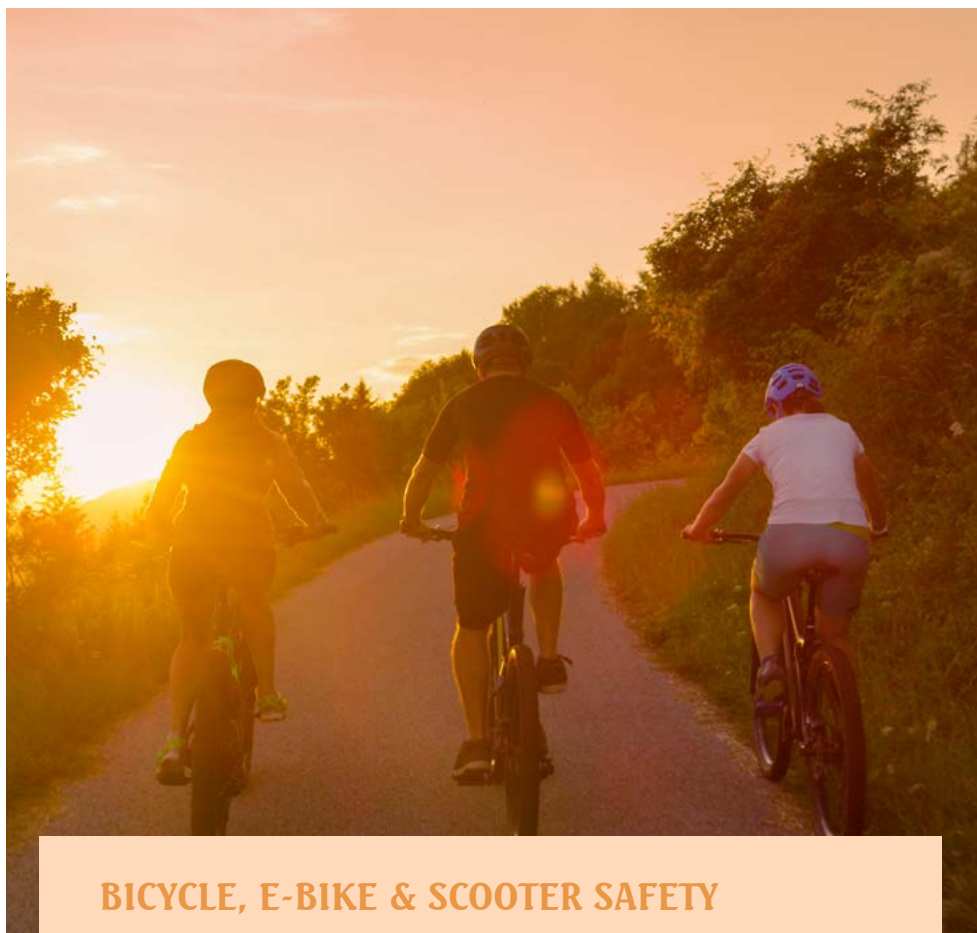

SPEED LIMITS ARE ENFORCED BY THE USE OF RADAR EQUIPMENT AND RADAR CAMERAS. VIOLATIONS ARE SUBJECT TO FINES BASED ON THE SEVERITY OF A VIOLATION(S).

VEHICLE OPERATION WITHIN FOREST HIGHLANDS

Forest Highlands Golf Club 2025 Rules, Information, & Fees rule 3.3 Vehicles states:

- All vehicles must be insured for liability and property damage.
- All drivers operating a vehicle within Forest Highlands must have a valid state driver's license.
- Occupants of a vehicle must comply with seatbelt laws required by the State of Arizona and as recommended by the vehicle manufacturer.
- Vehicle use on golf courses, cart paths, walking paths or common areas other than roads is strictly prohibited. This includes the paths behind the Meadow and Canyon Clubhouses.

BICYCLE, E-BIKE & SCOOTER SAFETY

Remember to follow safe riding practices when cruising through the community!

Electric bicycles, seated scooters, and stand-up scooters are allowed within Forest Highlands. These vehicles do not require state licensing or insurance and must follow Arizona's road rules.

Important Restriction: Electric bicycles without pedals are considered motorcycles by law and are not permitted within Forest Highlands, except for ingress and egress to a lot if licensed for public road use. Riders aged 14 and under must wear a helmet. Electric bicycles and scooters are not allowed on sidewalks and may only be used on cart paths before and after golfing hours. **Seated Scooters:** These vehicles require a licensed driver, and only one rider per seat is allowed unless designed as a two-seater. **Stand-up Scooters:** These scooters must adhere to Arizona's road laws and community guidelines.

Please refrain from practicing unsafe riding behaviors while on the roads of the community. Thank you!

LEASH UP & CLEAN UP!

Rules of Forest Highlands require dogs to be on a leash; this rule is consistent with the Coconino County Leash laws. Violations of the leash rule/law could lead to a Forest Highlands fine and on a more significant level, Coconino County Animal Control could cite dog owners and county violations would result in a larger fine.

REMINDER, dogs are not allowed on the golf courses, dogs are not allowed off leash in recreational areas such as all parks and when outside of the property owners lot unless you are within the boundaries of the dog park located off Andrew Douglas and please clean up after your pets immediately.

FIRE RESTRICTIONS

Stage 2 Fire Restrictions began on Wednesday 6/18/2025

During Stage 2 igniting, building, maintaining, or using a fire fueled by combustible materials such as wood, charcoal, briquettes, and/or coal is strictly prohibited, except within a developed site. Smoking is also prohibited, except within an enclosed vehicle or a developed site. Additional prohibitions include the use of internal combustion engines for common household-only activities, such as landscaping or property maintenance and repair unless they are equipped with a spark arresting device. Stage 2 also prohibits welding and/or the use of acetylene or other torch with an open flame. The use of tracer or incendiary rounds of ammunition or explosive targets is also strictly prohibited.

Using a device that is solely fueled by pressurized liquid petroleum or LPG fuels that can be turned on and off is allowed only in a developed site. A developed site is defined in the County's Wildfire Defense Ordinance as an area that is barren or cleared of all overhead and surrounding vegetation and combustible materials within a 15-foot radius of the device.

FIREWISE USA®

RESIDENTS REDUCING WILDFIRE RISKS

FIREWISE INSPECTIONS 2025 & SUGGESTED ITEMS FOR ALL MEMBERS TO FOCUS ON

During the 2025 season the entire community is strongly encouraged to participate in maintaining defensible spaces for their lots and bring them into compliance with Firewise standards. The results of proactively complying with Firewise standards this season will further mitigate fire risk for the entire community and is suggested due to the dry winter conditions our region suffered this winter.

Lots outside of zone 5 will not receive a pass or fail rating. However, if you have completed the Firewise Safety Check form and wish to have a Firewise certified officer inspect your lot please contact Security to schedule an appointment to have it inspected.

In 2025 the assigned Firewise zone for Forest Highlands is Zone 5 (made up of lots: 701-872). Firewise Safety Checks of the noted lots have been completed, and you should have already received an email either passing the property or detailing items needing attention.

All Forest Highlands residents are encouraged to make/keep their lot(s) safe. ***Below are a few suggestions in maintaining a Firewise Defensible Space on your lot(s):***

- Remove dead fuels from your property
- Remove dead standing trees and logs from the ground less than 16" in diameter
- Remove dead shrubby materials
- Cut down dried grasses and flowers
- Remove needles, leaves, and branches from the ground, leaving an organic covering of approximately 2"
- Clear needles and leaves from roofs and gutters
- Store firewood at least 30' (if possible; minimum of 10') up-hill from your home
